Work Experience

Full Stack Developer – Prism Infoways Pvt. Ltd

Oct 2024 – Dec 2025

Gurugram, India

- Led the end-to-end development of scalable web applications using the **MERN stack** (MongoDB, Express.js, React, Node.js).
- Optimized frontend performance by implementing techniques like lazy loading, code splitting, and memoization, achieving a 35% faster render time.
- Enhanced React components by identifying and eliminating unnecessary re-renders, resulting in more efficient UI rendering.
- Built responsive and mobile-first interfaces by collaborating with UI/UX designers and integrating best practices for cross-device compatibility.
- Implemented state management with **Redux**, improving data flow and state synchronization across components, making the application more maintainable.
- Developed and integrated backend services using **Express** and **Mongoose**, enabling efficient communication with MongoDB and improving the scalability of web applications.
- Applied best practices for backend development, including **RESTful API** design, ensuring secure, scalable, and maintainable code.
- Used **Docker** for containerization, simplifying deployment and ensuring consistent development environments across different stages of the project.
- Contributed to multiple projects including **Labour Law** and **Autobitnex** and **Infant Formula** and **Prism**, developing features, optimizing performance, and enhancing user experience.
- Collaborated with cross-functional teams to implement real-time data processing and streaming services, significantly improving user engagement across various projects.
- Contributed to the development of the **AssureLoad Logistics App** using React Native, implementing features like real-time load tracking, order management, and seamless REST API integration to improve operational efficiency.

Projects

Praans Consultech – Labour Law Website

Sep 2024 – Nov 2024

- Developed **praansconsultech.com**, a Labour Law consultancy website using **Next.js**, **TypeScript**, and **ShadCN**.
- Implemented a clean and professional UI to present Labour Law services, compliance details, and legal information in a structured manner.
- Integrated **RESTful APIs** for handling contact forms, inquiries, and dynamic content updates.
- Applied performance optimization techniques such as server-side rendering (SSR), code splitting, and lazy loading for faster page loads.
- Ensured responsive design and cross-browser compatibility for seamless access across desktop and mobile devices.

Shopify – E-commerce Platform

Mar 2025 – Apr 2025

- Worked on Shopify-based e-commerce applications, including custom theme development and UI enhancements.
- Implemented advanced **Shopify theme customization** for **braymil.com**, aligning the storefront with brand requirements.
- Enhanced user experience by optimizing product pages, checkout flow, and mobile responsiveness.
- Integrated third-party apps and custom scripts to extend Shopify functionality and improve store performance.

Technical Skills

Languages: Python, HTML, CSS, JavaScript, TypeScript, SQL

Technologies: ReactJS, React Native, Redux, Node.js, Tailwind CSS, Bootstrap, Express.js, ShadCN,

Databases: MySQL, MongoDB

Tools: VSCode, PyCharm, Postman, Git, GitHub, Docker

Concepts: RESTful API Design, Version Control

OS: Windows, macOS

AI: GenAI, LangChain, Agentic AI

Education

University of Lucknow, Lucknow

Aug 2018 – Jul 2021

Bachelor of Computer Application

Uttar Pradesh, India
